Re DENNIS A. WALBERG, aka Dennis Anderson, Sub 1004; Seattle airtel to Portland, dated 1/2/90; and Portland airtel to Seattle, dated 4/13/90.

WALBERG has been suggested as a suspect by [redacted] b6
[redacted] suspects [redacted] b7C of being identical to the unknown subject, because she claims that in March, 1988, while living in Aurora, Illinois, two FBI agents from Chicago interviewed her concerning [redacted]. She stated the agents from Chicago were concerned that [redacted] [redacted] may be D. B. COOPER.

NORJAK indices in Chicago and Seattle were checked concerning WALBERG, aka Anderson, with negative results.

Thank you for your reply to our Notice to Employer, UB-110, which informed you that the above claimant has filed a claim for Unemployment Insurance.

- * 1. Notice of this claim was sent to you on _____ Your protest was postmarked _____ which is not within the ten-day period specified in the Law. Since your protest was untimely, you will not be considered an interested party to any action taken.
- 2. Notice that a claim has been filed is mailed to any employer shown by the claimant as his last employer, regardless of whether the employer is subject to the Employment Security Law of Arizona. To assure that Unemployment Insurance payments are made only to eligible claimants, we must have complete information as to the reason the claimant is no longer employed.
- 3. The claimant did not qualify for Unemployment Insurance; therefore, we are closing our files on this claim.
- * 4. No determination will be issued as the period covered by vacation and/or sick leave pay is not in a period for which benefits are claimed.
- 5. We will not issue a determination at this time as this claimant has not continued to file for Unemployment Insurance.
- * 6. The information you furnished does not indicate that the claimant separated from your employ for any reason which would require us to issue a determination on the claimant's eligibility, or the information is not sufficiently detailed for us to determine whether the claimant separated from your employ for one of the reasons shown on the reverse. If you are subject to Unemployment Insurance taxes in Arizona, your experience rating account will be charged for its proportionate share of the benefits paid to this claimant.
- 7. The wage credits this claimant earned in your employ are not usable, therefore, there will be no charge against your experience rating account at this time.
- 8. The notice sent to you on _____ provided protest rights only if the claimant worked for you after _____. The previous determination remains in effect.
- 9. This refers to the separation information you furnished on _____. As the claimant's present unemployment results from a labor dispute, there will be no charges to your experience rating account at this time. We will issue a determination if the claimant files at a time when he is not involved in a labor dispute.
- 10. The attached Notice to Employer is unsigned; therefore, it is not a valid protest. If you wish to protest payment of Unemployment Insurance to this individual and/or charges to your experience rating account, please sign and return the form to us postmarked within seven days from the date of this letter.
- 11. Our records show that you reported earnings for this claimant for the period ending _____, which is in the base period.
- * 12. The claimant states he worked for you after _____, the date of our last notice. Since you did not furnish information on this claimant's most recent separation, charges will be made to your experience rating account for Unemployment Insurance benefits paid to this claimant.
- 13. The attached Notice to Employer is returned as there is no provision for relief of charges to a Base Period employer who elected payments in lieu of contributions, as provided for in Section 23-750, ARS.
- 14. Since the claimant was not employed by you during his base period, a determination of charges to your account will not be made until either the claimant's employment is terminated or you become subject to charges.
- 15. We have investigated and determined the claimant was not employed by you. Our records are being revised accordingly.
- 16. Your experience rating account will not be charged for any benefits paid to this individual since the employment was under the Federally funded CETA/PSE Program.
- 17. Other: _____

***NOTICE:** When an asterisked item is checked, this notice is a determination which becomes final unless an appeal is filed within 15 days after the date of this letter. ARMED AND DANGEROUS

Reference conversation between SA [redacted] and
[redacted] (RASU-File Supervisor) on 9/20/93.

NORJAK currently maintains two indices. One manual indices, located on the 6th floor and physically located at the end of the old manual indices in one drawer, and one automated indices that contains data entered since the implementation of FOIMS.

During reference conversation, it was agreed that an attempt would be made to automate NORJAK indices. This would entail entering all or most of the information contained in the manual indices into an automated format. It was agreed that some of the information would not fit into automated indices, however, there is a comment field and the information that did not fit possibly could be placed in the comment field.

LEADS:

SEATTLE DIVISION

AT SEATTLE, WASHINGTON.

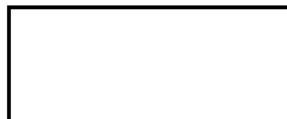

Will enter all or most of the information in the NORJAK manual indices into FOIMS.

Enclosed are four (4) artist's composites, 2 black and white and 2 color, depicting the NORJAK unsub with and without glasses. Also enclosed is one copy of a flyer dated 5/11/76 describing information previously handed to hunters in the Northwest to aid in their identification of any evidentiary items that might be found during the hunting season and a confidential list of investigative steps to process NORJAK suspects.

THE CRIME

On 11/24/71, a lone white male boarded Northwest Orient flight 305 at Portland, Oregon. At approximately 3:22 P. M., while the flight was enroute to Seattle, Washington, he indicated to the stewardess that his brief case contained a bomb, which would blow up the plane unless his demands were met.

The hijacker demanded \$200,000 and four parachutes in exchange for the safety of the 36 passengers aboard the plane. When the aircraft landed at Seattle, Washington, Northwest Orient Airlines complied with his instructions. After he received the parachutes and money, the hijacker allowed all passengers and two airline stewardesses to deplane.

He then ordered the remaining crew members into the first-class section of the aircraft and informed them he desired to fly to Mexico City. The hijacker instructed that

[redacted] On 11/24/71 he was known to be in the Reno area and during the week of Nov. 30th met with [redacted] at the Stateline on hiway 50 to discuss [redacted] states he abruptly quit his job as [redacted] on 10/5/71 but has plenty of money.

I intended sending this information before this but, your APB description did not seem to fit this subjects hairline and until seeing a composit recently and noticing a similarity, I had dismissed the idea. [redacted] according to [redacted] no longer has the mustache.

This possibility is only a long shot but, the photo should be sufficient to either eliminate him or consider him a possibility. We only hold a misdemeanor warrant for him and he has no other criminal record.

[redacted] advised that JENNINGS is self-employed as a commercial diver and fisherman. He further advised that JENNINGS wears a full beard and mustache, and is described as being 6'4", and weighing 215 pounds.

During period 2/11/72 - 2/24/72, efforts were made to locate JENNINGS at Slip 8, but it was determined that he was out to sea with specific location unknown.

On 2/24/72, JENNINGS was interviewed and furnished the following information:

He stated that during the period 11/23 - 11/26/71, he was visiting [redacted] MURIEL BROWN, 4223 Denker, Los Angeles, California. At that time he was docked at San Pedro, California, at Pier 41, Cabrillo Boatyard.

He further advised that he has had his beard since September, which is reddish brown in color.

As to his parachuting experiences, JENNINGS stated he has made only one non-military jump in 1958, and that he has not made a parachute jump since that time.

JENNINGS was observed and did not appear in any way similar to the composite drawing of unsub. JENNINGS' build is described as being extremely large as he is 6'4", and has a weight of 210 - 200 pounds. He has a full face and neck. It is further noted that JENNINGS smokes Kool cigarettes.

In view of the fact JENNINGS does not appear identical to composite drawings of unsub and his physical characteristics do not match description offered by witnesses, no further investigation is being conducted concerning JENNINGS unless advised to the contrary by office of origin.

[] claimed to have known from friends in the FBI that LANGSETH had been a suspect in the D. B. COOPER case. [] claimed to have information concerning LANGSETH, the source of which [] would not divulge, as follows:

Approximately one year before the D. B. COOPER hijacking, LANGSETH received training in free fall parachuting, and approximately six months prior to the hijacking, received training in night free falls. Additionally, after the hijacking, LANGSETH periodically received checks from a Canadian trust company in a substantial amount. LANGSETH had an alibi at the time of the hijacking that he was with his brother in New Mexico, which the brother did not corroborate.

[] advised that from his personal knowledge, LANGSETH [] approximately six months prior to the hijacking, and that approximately a year after the hijacking, [] saw LANGSETH flashing a lot of money around. [] thought that was strange because LANGSETH was always in bad financial condition because he regularly lost jobs due to an alcohol problem.

[] claimed that from what he knew of the FBI investigation, the FBI eliminated LANGSETH as a suspect because the FBI's records showed LANGSETH was either 20 or 30 years too old or too young. [] stated that the FBI's records as to LANGSETH's date of birth were erroneous.

LANGSETH presently attends an Episcopal Church in Campbell, which is just off Winchester Street, and worked with the FARMERS INSURANCE GROUP in either Campbell or San Jose, California, with a person named []

Prior to viewing the Unsolved Mysteries television show, [] had not thought of LANGSETH in connection with the D. B. COOPER case for several years. Prior to the television show, [] had never seen an artist's rendition of D. B. COOPER at the time of the hijacking. [] however, saw the artist's rendition on Unsolved Mysteries, and immediately recognized the artist's rendition of D. B. COOPER as being LANGSETH. [] then called his wife into the room to view the picture of D. B. COOPER, and upon asking his wife who the

AT SAN JOSE, CALIFORNIA

On January 19, 1979, [redacted] San Jose, California, who represents JASON THOMAS LANGSETH, was contacted concerning his client taking a polygraph examination in connection with the FBI's investigation of the airline hijacking which occurred in 1971. KLEIN stated that he would consult with the other members of his office and his client and inform the FBI of his client's decision.

On January 29, 1979, Mr. JASON LANGSETH, 7291 Coronado Drive, Cupertino, Calif., telephone number 255-3500, contacted the San Jose Resident Agency of the FBI and advised that in January of 1970 or 1971 he was interviewed by two FBI Agents at Century City, California. At that time he provided these Agents with "all of the details". LANGSETH advised that he has been "bothered by Agents ever since and if it doesn't stop he will get an injunction or sue".

LANGSETH stated emphatically that he does not want to be contacted by the FBI.

On January 31, 1979, [redacted] LANGSETH's attorney, advised that he concurs with his client's position concerning further contact with the FBI and has advised his client not to take a polygraph examination concerning his exact location on November 24, 1971 or the aircraft hijacking.

Re San Francisco airtel to Seattle dated 9/12/77
and Legat, Ottawa, letter to the Bureau dated 10/11/77.

For the information of the Bureau and Legat, Ottawa, on August 18, 1977, LANGSETH was interviewed in Cupertino, California. He initially consented to answer questions, but later declined based on the advise of his attorney. Prior to terminating the interview, LANGSETH advised that he would be willing to assist in any way in this investigation and would consent to taking a polygraph examination if desired.

LANGSETH has been thoroughly investigated in this matter, however, his exact location on November 24, 1971, is unknown. During that week he supposedly was in Colorado Springs, Colorado, working for Abco, Inc., as a salesman. However, a review of his daily sales reports indicate numerous fictitious contacts in that the establishments do not exist or the persons contacted do not exist and all those institutions contacted which were listed and could be identified denied knowing LANGSETH. It was thought at the time the daily reports were reviewed that LANGSETH was merely falsifying his daily report to cover up non-work related activities or that his daily reports which were made up by LANGSETH after the fact were simply not accurate because of LANGSETH's poor memory.

He stated that photographs of LANGSETH in 1971 at the time of the hijacking were very similar to COOPER, and he suspected strongly that LANGSETH was the individual known as D.P. COOPER.

He further advised that funds had been received by LANGSETH over a period of years from the Toronto Dominion Bank, Toronto, Canada, and when confronted, indicated that the funds were being provided by his in-laws, ARCHIE and GLADYS BRODIE, New Westminster, Vancouver, British Columbia.

Investigation previously conducted by the Seattle Division indicated that LANGSETH had, in fact, been interviewed and photographs displayed and did not appear to be identical to the Subject, however, efforts to confirm his whereabouts during November, 1971, were unsuccessful.

On arrival in Seattle, the hijacker demanded and received \$200,000 and parachutes and the aircraft departed Seattle headed in a southerly direction and the individual parachuted from the aircraft.

Extensive investigation since the incident in November, 1971 has failed to identify or locate the subject.

During January, 1977, [redacted] Attorney at Law, b6 San Jose, California, advised that during conduct of a bankruptcy b7C investigation, the name Jason Thomas Langseth came to his attention. He stated Langseth filed for bankruptcy in July, 1976, [redacted]. He stated during his investigation, an individual named [redacted] [redacted] of Langseth, came to his office and advised that Langseth had funds in the Toronto Dominion Bank, Toronto, Canada. He stated [redacted] further advised that he believed that Langseth was one in the same of an individual who hijacked a Northwest Airlines Flight 305 in November, 1971, later known as D. B. Cooper.

[redacted] stated he confronted Langseth with this allegation and Langseth denied any association with the incident and stated that the FBI had previously exonerated him from the act.

He further confirmed the information he had concerning banking at Toronto Dominion Bank, Toronto, Canada, and in fact, Langseth had received funds over the years which, if totaled, would have amounted to in excess of \$200,000.

[redacted] stated he was aware of the fact that Langseth had been previously interviewed by the FBI, but he stated that photographs, the fact that Langseth was an expert paratrooper, and had done considerable night diving prior to the hijacking, led him to believe that Langseth was, in fact, identical to the hijacker.

It should be noted the Langseth was, in fact, interviewed by the FBI, Los Angeles, California, in February, 1972. Langseth at that time was described as a white male, 5'10" to 6'0", 165 pounds, medium build, hair black, eyes blue, born August 3, 1944, place of birth Borger, Texas, former paratrooper, U.S. Military.

Investigation conducted by the FBI and display of photograph to eye-witnesses at the incident could not identify Langseth as being identical to the subject in this matter. It should be noted, however, that investigation to confirm Langseth's presence during November, 1971, was unsuccessful.

In view of the apparent discrepancy between LANGSETH's age at the time of the hijacking, i.e. 27 years old, and the age UNSUB was thought to be at the time of the hijacking, that of approximately 45 years old, no further investigation will be conducted concerning LANGSETH at this time; however, should any new information come to the attention of the San Francisco Division, which would indicate that LANGSETH should be reinvestigated as a suspect in this matter, San Francisco is directed to advise Seattle of this new information and conduct investigation deemed appropriate.

Enclosed for Seattle is one (1) copy FD-302 interview
of [redacted]

On 1/5/77, Retired SA [redacted] Salinas, Calif., X
telephonically advised the Monterey RA that an attorney named [redacted] San Jose, X
Calif., advised him that he had recently taken a deposition from an individual regarding a large amount of money allegedly coming from Vancouver, B.C., Canada. During obtaining the deposition the COOPER incident was mentioned and indicated that additional information was available.

On 1/10/77, [redacted]
[redacted] San Jose, California, was interviewed.

He advised that he was representing an individual who was a creditor of a person named JASON THOMAS LANGSETH, X who had recently filed for bankruptcy. He stated during the investigation to determine if LANGSETH did, in fact, have any hidden funds, he came in contact with a party named [redacted] X who was also a creditor in the bankruptcy case against [redacted].

He stated that during interview with [redacted] it was determined that LANGSETH was a skilled parachutist, had some knowledge of the COOPER incident and received bi-weekly checks from the Toronto Dominion Bank in Toronto, Canada.

[redacted] stated that he confronted LANGSETH with this information, LANGSETH advised that he had previously been interviewed by the FBI, and had been given a clean bill of health.

[redacted] stated that even though LANGSETH advised as he did, he felt that the information concerning the Toronto Dominion Bank should be brought to the attention of the FBI and further, that LANGSETH bore a striking resemblance to the composite drawing made available by the FBI in the D.P. COOPER matter.

A review of the San Francisco indices revealed no information concerning JASON THOMAS LANGSETH.

AT SEATTLE, WASHINGTON: Conduct indices check regarding JASON THOMAS LANGSETH, FBI #825 143 A, California CII #6 340 16, and provide San Francisco Division with any prior investigation conducted regarding LANGSETH.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 1/24/77

[redacted] San Jose,
California, telephone number [redacted] was interviewed:

b6

b7C

[redacted] advised that he had been an acquaintance of JASON THOMAS LANGSETH for many years, both in San Jose and in the Los Angeles, California area. He stated that on several occasions, he had assisted LANGSETH and had loaned him money in the past.

He stated that only after it was clear to him that LANGSETH was not going to repay him money for which he had previously provided, did he make an effort to retrieve his funds through the Bankruptcy Courts and is making this information available to the FBI.

He stated that in his own mind, he is certain that LANGSETH is in fact the individual known to the FBI as D.B. COOPER.

He stated that he and LANGSETH had discussed this matter on many occasions and LANGSETH advised him that the amount taken in this hijacking was \$204,000. He further advised during conversations with LANGSETH in the past, he indicated that his goal in life was to commit the perfect crime, one in which the statute would toll, and then he would spend the money and be free.

He stated that prior to the hijacking incident, LANGSETH took skydiving training, to include a considerable amount of night skydiving. He stated during one training mission, LANGSETH hit a tree at night and knocked his teeth out requiring a considerable amount of denture work.

[redacted] stated that he temporarily lost contact with LANGSETH and learned that in about June, 1973 he (LANGSETH) went to Canada. He stated LANGSETH re-appeared in 1975, looking emaciated. He stated that it was very difficult to recognize LANGSETH from the time he left for Canada and when he returned.

He stated that he had also learned that LANGSETH has some savings connection or affiliation with the Toronto Dominion Bank, Toronto, Canada, and that he had been receiving monthly or by-weekly stipends from the Toronto Dominion Bank. He stated that if calculated, the checks received by LANGSETH from the Toronto Dominion Bank would amount to approximately 5 per cent of \$200,000 or the interest, which would be drawing on a large sum of money at the Toronto Dominion Bank.

[redacted] stated that a comparison of the composite photograph made available by the FBI and LANGSETH is practically identical. He stated that LANGSETH today does not appear similar to the composite because of his drastic physical appearance change upon his return from Canada, but that he [redacted] has photographs of LANGSETH prior to his travels to Canada in which a comparison would readily show a very strong resemblance to D.B. COOPER.

[redacted] stated that LANGSETH currently resides at 3510 Moorpark Avenue, San Jose, California, and is employed by the Farmers Insurance Corporation, San Jose, California.

[redacted] pointed out that the daily sales reports for the week of November 22-26, 1971, disclose that LANGSETH made contacts in Colorado Springs, Col., the entire week and only two sales were made during the entire week, one sale each on Monday and Tuesday and no sales for Wednesday, or Friday. [redacted] further pointed out a notation on the sales report for November 26, "8 demonstrations, each day will produce success," which is an indication LANGSETH was not making sufficient sales as indicated by the number of contacts on the sales reports. [redacted] further pointed out that there is normally a five-day differential in the date of the daily sales report and the day it is received at the office in Irwin, Pa., however, the daily sales report for November 24, 1971, was received at the local office on December 2, 1971.

On April 6, 1973, Mr. JOSEPH NIKSICH, 18017 Military Road South, telephone CH 6-1422, was interviewed by writer and SA [redacted]. NIKSICH advised that he has been in medical retirement for approximately eight years due to a medical disability, multiple sclerosis. His doctor who is treating him is [redacted] Seattle, Washington, however, treatments have not been entirely successful. Due to this problem he is planning a trip to Taiwan during May, 1973, for acupuncture treatments. He has conferred with experts in the Seattle area who are familiar with acupuncture and believes that these treatments may provide the cure.

Enclosed for Los Angeles and Seattle are two copies each of an insert disclosing investigation at Eugene, Oregon by SA [redacted] Receiving offices should note that the 1972 Chrysler Imperial referred to on page 8 of referenced airtel bearing Oregon license [redacted] and the 1972 Chrysler Imperial on page 26 of referenced airtel bearing California license [redacted] [redacted] and the 1972 Chrysler Imperial in enclosed insert could very possibly be identical. It should be further noted that the vehicle identification number was recorded by Barker employees as well as the license plate when the warranty work was done on 1/21/72. From that positive determination, it must be identical with the 1972 Chrysler Imperial bearing California license [redacted] on page 26 of referenced airtel. Since Oregon license [redacted] registered to [redacted] MARGARET WOOD found on page 8 of referenced airtel has vehicle identification number of [redacted] a bad VIN, it can be further assumed that the true VIN is the one determined by Barker Motors.

Photos of the captioned individual were previously displayed to witnesses in this matter and he was not found identical or similar to the hijacker. He is described by associates as a blond headed, blue eyed, light to medium complexioned, Caucasian male and not Latin in appearance.

Based on the above, it would not appear he should be considered as a likely suspect, however, in view of his highly unusual activities and the results of recent extensive investigation at Los Angeles, it would appear investigation is warranted to positively eliminate him as a suspect in this matter and to ascertain if he is the subject of any other crimes, either Federal or local.

Dear [redacted]

This letter is in regards to the parachuting skyjacking on November 24, 1971 of a Northwest Airlines plane between Seattle, Washington and Reno, Nevada. This case has, so far, not been solved and the skyjacker who collected \$200,000 is known only as D.B. Cooper.

In a telephone conversation on November 8, 1973 with [redacted] at Northwest Airlines, St. Paul, Minnesota, we discussed rewards offered in this case. He told me of rewards having been offered of 10% of recovered amounts, or possibly \$25,000 if all is recovered. [redacted] also told me of a Seattle newspaper offering \$5000.

b6
b7C

By telephone conversation on November 6, 1973 and personal meeting on November 8, 1973, [redacted] gave information to special agent Bob Stranger of the Wilshire Office of the F.B.I. in Los Angeles. This information concerned possibilities of a [redacted] as a suspect in the November 24, 1971 skyjacking. Since November 8, 1973 we have had other contacts with Special Agent Bob Stranger.

This information re-opened the investigation of [redacted] as a suspect. Until the November 8, 1971 meeting between Special Agent Bob Stranger and ourselves, [redacted] had been presumed [redacted] on November 21, 1973 (three days before the skyjacking). We gave evidence that he is alive and also clues that there might be a link between him and the skyjacking.

b6

This letter is to serve as claim to any such available rewards should [redacted] be brought to justice in connection with the parachuting skyjack of November 24, 1971 of the Northwest Airline.
